

What is E-Waste and how it helps us here at **Access Project Inc.**

Access Project Inc. Is happy to receive your donation of E-Waste,

Your Old, Obsolete and unwanted computers and peripherals (e-waste) will be accepted for recycling or re-use in safe and responsible ways that are compatible with EPA Universal Waste Rules.

Access Project is a non-profit agency that educates and trains people with challenges. They learn to refurbish, demanufacture and recycle electronic equipment along .with life skills to enable them to join the general work-• force. Access Project operates in a 50,000 square foot • facility which houses their work groups and facilities. Equipment that is still functional, easily upgraded or repaired is reused. Obsolete equipment is demanufactured and the components sent to certified vendors for the end life recycling process. Batteries, circuit boards, CRT's, and mercury switches are sent to authorize hazardous material recycling facilities.

E-Waste will be collected at Access Project Inc. Monday - Friday 9:00 am – 3:00 PM or on Saturday, from 9:00 a.m. until 12:00 (noon). For more information or appointment for after hours delivery, or on what to donate, contact Access Project 937.837.5481

Our mission is primarily sustained by donations of donations and Collected Items such as:

- | | | | |

| | Telecommunications Equipment | | |
| | And much more! | | |

And any other electronic waste that you might have or in question of "Call us for details

Access Project's mission is to help bridge the digital divide between the general population and people with challenges. We provide a service to the community by recycling or re-using unwanted electronic equipment in safe and responsible ways that are compatible with EPA Universal Waste Rules.

To achieve our goal, Access Project operates an educational, non-profit work group to educate and train people with challenges. They will learn to refurbish, de-manufacture and recycle electronic equipment along with life skills to enable them to join the general workforce.
